Mr. Vice and Mr. Ford, carpenters who worked here last fall have returned to Bucklin from their home in Oklahoma and are working here again.

Born—On June 9 to Mr. and Mrs. James Sims, a boy. Don't think that I have seen Jim since so he must be staying right with the boy to get well acquainted with him.

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is the most convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or had effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

The grain elevator at Bucklin is being pushed along in order to have it ready for the bumper wheat crop that we have "in our mind" this year. While the elevator is not a large one it will be big enough to elevate every thing but the price of grain to the farmer.

Chas. E. Taylor and wife of Philadelphia, Pa. are stopping for a short visit in Bucklin. They are on their way home from an extended visit in California and other western states. Mr. Taylor and his brother own some land west of Bucklin and they stopped here to look after it.

Quarterly meeting services will be held at the M. E. church next Saturday and Sunday. Quarterly conference Saturday at 3 o'clock p. m. Rev. Dr. Martindale, Presiding Elder, will preach at 11 o'clock a. m. Sunday. The Free Methodists are holding tabernacle meetings here this week.

The Fairview Sunday school at their children's day meeting last Sunday after raising a liberal amount for the regular work, took a collection for the flood sufferers, amounting to eleven dollars. By the way that Fairview Sunday school is one of the best, most wide awake country Sunday schools in this short grass country.

Quite a number of our people got a little nervous during the storm period of a few weeks ago and consequently a lot of storm cellars have been constructed and now the wind has just about quit blowing and they have not had a chance to try those cellars. This is perhaps a little provoking but never mind the wind will come again.

H. P. McCaustland is showing his true colors now. He has been posing ever since he came here as a plain common man, one of the masses, but now he has taken Mrs. McCaustland and Georgia and hiked out to Colorado Springs to spend the summer or at least a part of it, hobnobbing with the plutocrats, but we wish them a pleasant time during their outing.

The ladies gave a home talent entertainment, consisting of vocal and instrumental music, recitations etc. for the benefit of the flood sufferers Tuesday evening, which was very well attended and those who were there say that they got their money's worth. The sum available for the benefit fund after paying necessary expenses is about thirty-five dollars.

At the meeting of citizens held Tuesday evening, June 9 it was decided to have the city incorporated and a petition will be circulated to procure the required number of names of qualified voters residing within the bounds of the proposed corporation lines. It is proposed to push the preliminary steps as rapidly as possible so that the petition can be laid before the board of county commissioners at their July meeting.

We all have troubles, while the eastern portion of our state has been deluged and the people left homeless, we have not escaped all trouble by any means. Why, just think the mail service has been badly demoralized and the mails are from three to ten hours late every day and actually, there was one day that we did not have any mail at all, and that on Sunday too. Now if that is not suffering we would like to know what it is. It was surely suffering without cause on our part but about the patience of the people under this dire distress, the less said the better.

FORD ITEMS.

T. M. Gray went to Dodge City Monday on business.

Arthur Imel is home from Edmonds college, Oklahoma for a vacation.

Jack Imel of Spearville was a Ford visitor with his brother J. M. Imel.

D. Banta is one of L. K. VanHorn's assistants in erecting his new elevator.

F. J. Imel and family returned to their Beaver Co., Oklahoma home last week after a short visit with Ford friends.

Mrs. John Walters and children were Ford visitors Sunday and attended children day exercises at the Congregational church.

Miss Ola Hollopeter was called to Dodge City last week as special nurse to the unfortunate on account of the railroad wreck.

Mr. and Mrs. M. L. Hollopeter courteously entertained Mesdames Mary Crawford, C. Melia and M. L. Sweeney for dinner and tea Sunday.

On account of the delayed Normal school at Emporia on account of too much water, Miss Carrie Fowler did not go there until last week and Miss Cora decided not to go until later on.

If it is true that H. B. Herzer measured his bighorn then the circumference and watched his shadow to mark their development every morning last week he was certainly excusable, for that fine new

boy that the angels brought to his home early Monday morning would excite the expansion fever in any elated papa.

The children's day exercises at the Congregational church Sunday was a delightful success. This was one Sunday in the year that the children were the beacon lights of religious joy and the old for a spell were renewed in youthful emotions. "The Rainbow Artists and Sunshine Band" reflected pretty cheering rays-beams from the Savior's love for children. Some of the little folks did especially well and the "Seasons" had their merits. The singing, too, was good.

FAIRVIEW ITEMS.

The wreckage from the recent cyclone has mostly been cleared away, but there is still some evidence of the storm's path.

Wheat in Fairview township is not looking very well. This part of the county has not had its share of some of the rains.

The adjuster for the Southwestern Kansas hall association adjusted the damages by hall on J. D. Brown's wheat and also A. S. Brandley's wheat. His generous awards were highly appreciated.

The adjuster for St. Paul hall insurance company adjusted the damages by hail and crops of wheat of C. M. Shain. Hays Bealmer, Samuel Barrell and Annie Black and the good feature of his visit and fair adjustment was the paid them spot cash.

E. J. Brown's team left him at the gate Sunday night taking a spin toward Dodge at a lively run. They ran about four miles but were caught before they did any damage. We think Ed's mind was "preoccupied."

Farmers appreciate being insured in companies that treat them with respect and when they send an adjuster, know he will step to his business in a business way and award them fair damages and pay them promptly. They look with suspicion on any company that does otherwise.

Herbert "Cotton" Mace of the Santa Fe offices has accepted a position with the Rock Island at Dalhart, Texas, and left for that place last night.

Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for Consumption Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, Bentonsville, Va., serves as example. He writes: "I had bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery and a few bottles wholly cured me." Equally effective in curing all Lung and Throat troubles, Consumption, Pneumonia and Grip. Guaranteed by Rath & Bainbridge, Druggists. Trial bottles free, regular sizes 50c and \$1.00.

His Last Hope Realized.

(From the Sentinel, Webb, Mo.)

In the first opening of Oklahoma to settlers in 1890, the editor of this paper was among the many seekers after fortune who made the big race one fine day in April. During his traveling about and afterwards his camping upon his claim, he encountered much bad water, which, together with the severe heat, gave him a very severe diarrhoea, which it seemed almost impossible to check, and along in June the case became so bad he expected to die. One day one of his neighbors brought one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a last hope. A big dose was given him while he was rolling about on the ground in great agony, and in a few minutes the dose was repeated. The good effect of the medicine was soon noticed and within an hour the patient was taking his first sound sleep for a fortnight. That one little bottle worked a complete cure, and he cannot help but feel grateful. The season for bowel disorders being at hand suggests this item. For sale by all druggists.
